Mr. Goodpaster thinks that the ddition to Sullivan Hall, costing \$29,-400 was another of the many things that the Board of Regents should have left undone, but more room for female students was demanded and the gentlemen who look after the school thought it the thing to do and they built it. It has been full each day since it was turned over by the contractor and the State is getting good revenue from it. THE Somerset Journal gives the in formation that Miss Curtis Buehler, the bright and pretty daughter of Mrs. B. H. Buehler, of that city, won the piano offered by that paper in a popularity contest, which ended a few days ago. An idea of the popularity of this little eight-year-old girl is given when it is told that she defeated her nearest competitor over a million votes. Little Miss Buehler inherits the brilliancy and genius of her talented mother, who in our humble opinion is the best newspa-per woman in Kentucky. It was the writer's pleasure to have the latter on his Somerset Times as society editor and her work was at all times most satisfactory. Of indomitable energy and knowing a news item as far as she could see one, she got so much good "copy" that she made us ashamed of our feeble efforts, and frequently when we wanted an especially good paper we turned the office over to her, knowing full well what to expect from this remarkable little woman. And, we might add, that her loyalty is as great as her ability.

GOV. McCreary has announced for United States Senator. In a statement given out last night he says he is sure he can win in the final if given the nomination. He points with pride to his record as Governor and tells what he has done to carry out the pledges of the democratic platform. He will make an aggressive campaign and enters the race feeling like a winner. Of course his home county of Madison will stand by nim and he may expect a rousing majority in this section.

Cordial Invitation to Become Real Members of the Redpath Family

We have chosen this community as the center for one of our chautauquas because we have faith in the enterprise, enthusiasm, and genuine chautauqua spirit of your citizens. We believe that the program we are offering this season eclipses any seven-day chautauqua program ever presented and likewise we have confidence in the ability of the people of this section to appreciate good things.

But not only do we invite you to attend, but to become real members of the big Redpath family, both by fellowship with your friends at the chautauqua grounds, and by making the acquaintance of the management, the superintendents, and of the live young college men who comprise the tent crews. Cordially yours,

HARRY P. HARRISON, Pres. and Gen. Mgr. Redpath Chautauquas.
